Organization Information

1. Insert a brief company description here. In particular, what kinds of goods or services are provided by your company or organization?

2. Describe your organization's current level of U.S. capability and resources related to your interests participating with CESMII. Please also describe your organization's experience in working R&D or EWD (Education and Workforce Development) projects with partners in academia, government, and/or industry.

Organization Information

3. What value/impact do you expect your membership in CESMII will bring to your organization from a Smart Manufacturing perspective? As part of your answer, please include: (1) your organization's current awareness and utilization of SM technology; (2) your organization's plans to adopt new SM technology; and (3) how your organization plans to push for SM adoption with your suppliers and partners.

4. What value and benefit do you feel that your organization can bring to the other members of the CESMII consortium? With the proper projections (as per the CESMII Data Management Plan), would your organization be willing to share data and results with CESMII members that result from your involvement with CESMII?

Organization Information

5. What are your expectations from a CESMII membership? Please be as detailed as possible.

6. What level of engagement would you like to have with CESMII and other members of the CESMII consortium?

Organization Information

7. What resources would your organization bring to CESMII? Please be specific in the types of potential resources in terms of knowledge, equipment, software, training, testbeds, etc.

8. Are there any points you would like to have addressed when joining CESMII?

Overall Organization Information:

Mark the appropriate checkbox(s).

Small Business- Less than 100 employees
 Medium Business - 100-499 employees
 Large Business - Between 500 and 9,999 employees
 Very Large Business - Greater than 10,000 employees

Minority Owned
 Women Owned
 Veteran Owned

Membership Agreement

This Membership Agreement (“**Agreement**”) is effective as of the date of the last signature below (the “**Effective Date**”) by and between The Regents of the University of California, a California constitutional corporation, on behalf of its Los Angeles Campus, with offices located in 10889 Wilshire Blvd., Suite 700, Los Angeles, CA 90095-1406 (hereinafter “UCLA”) and _____ (hereinafter, “**MEMBER**” or “**Member**”).

WHEREAS, UCLA is the recipient of the U.S. Department of Energy (hereinafter “DOE”) Cooperative Agreement DE-EE0007613 (hereinafter “Cooperative Agreement”). The primary purpose of the Cooperative Agreement is to establish and operate the Clean Energy Smart Manufacturing Innovation Institute for smart manufacturing program (“CESMII” or the “Institute”).

WHEREAS, the parties to this Agreement intend to join, with other members (together referred to as the “**CESMII Members**”) in a cooperative effort to support the development, and commercialization of advanced manufacturing technologies for smart manufacturing, through the formation of CESMII. The MEMBER and UCLA are each a “Party,” and together, the “Parties” to this Agreement.

Now, therefore, for the mutual benefits and considerations each to the other, the Parties agree to the following terms and conditions:

1. PURPOSE

The primary purpose of this Agreement is to partner with private and public sector organizations to develop, test, and validate to industry advanced sensors, controls, platforms, and modeling for manufacturing, as well as to facilitate implementation of new manufacturing solutions and integration of operations technologies and information technologies (OT/IT).

2. TERM

The initial term of membership (the “Initial Term”) in CESMII shall begin on the date that the Agreement is signed by both parties. Thereafter, this Agreement shall automatically renew for successive one-year terms (the “Renewal Term”) beginning on the MEMBER’s membership anniversary of each year (the “Anniversary Date”). MEMBER joins the CESMII with the intention of remaining a fee-paying MEMBER for at least five (5) years, but there is no obligation to continue membership beyond the first membership period. MEMBER may terminate this Agreement at any time and cease membership by giving ninety (90) days written notice prior to the Anniversary Date.

3. MEMBERSHIP

In support of CESMII, MEMBER has selected the membership level as:

as

as described in Table 1 of this Agreement, and to pay the non-refundable annual cash membership fee listed in Table 1 for the Initial Term and each Renewal Term. If the annual cash membership fee is not paid in full, a payment schedule should be attached to this Agreement.

For Academia category's Cost-Share (“CS”) Payment Options all non-cash and cash obligations in excess of the membership fee will be defined in a supplemental cost-share commitment letter (“Cost-Share Commitment Letter”) between UCLA and MEMBER, and the value of said obligations will be determined in accordance with the governing regulatory requirements of the Cooperative Agreement, DOE Assistance Regulations, 2 CFR part 200 as amended by 2 CFR part 910 at <http://www.eCFR.gov>.

All non-cash and cash contributions and obligations, greater than the membership fee, will be evaluated on an annual basis. Supplemental agreements are intended to better define the multi-year extended services, Application and Roadmap Projects (R&D, Industry Testbeds), Smart Manufacturing Innovation Center partnerships, and in-kind contribution and/or cost-share requirements. Upon mutual-execution of this Agreement, payment of the membership fee and having a Cost-Share Commitment Letter approved by CESMII in writing (if applicable), the MEMBER shall become a formalized Member in “good standing” in the category indicated and shall be entitled to its benefits.

CESMII will directly communicate to MEMBER the investments, benefits, and services as outlined in **Table 1** for the appropriate membership level and work cooperatively to understand issues that may arise. CESMII may suspend the membership of any Member that has not met its membership fee, non-cash and cash obligations or is deemed to be not making satisfactory progress toward achieving those. The MEMBER may be entitled to an amount of Credit for Paid Services per the amounts, terms and conditions listed in Table 1. Any Credits for Paid Services: (1) must be used within the current 12-month Initial/Renewal Term, or the MEMBER will lose the Credits; and (2) Credits for Paid Services from a current 12-month Initial/Renewal Term cannot be applied to a subsequent 12-month Renewal Term.

For Renewal Terms, UCLA shall invoice MEMBER on or before the Anniversary Date, and the annual membership fee shall be due and payable in lump sum within thirty (30) days of MEMBER’S receipt of the invoice, unless other arrangements have been made for payment and are agreed to.

4. PUBLICITY

MEMBER agrees to provide timely notice and obtain written consent from CESMII for any publicity information regarding the MEMBER’S organization and CESMII, and a reasonable opportunity to review and offer input. Related publicity information includes materials developed by the MEMBER, CESMII, or another participant.

Without the prior written consent from UCLA, Members may not use the name, any “branded” name, trademark or image associated with UCLA, CESMII, any other Member or DOE in any publicity, advertising, press release, or promotional activity or represent that any product or service of the CESMII or another CESMII Member is the product or service of the representing party.

5. COMPLIANCE WITH UNITED STATES ANTITRUST AND COMPETITION LAWS

CESMII is organized to promote and encourage the use of smart manufacturing technologies, products and solutions. CESMII is not intended to, and may not, play any role in the competitive decisions of the CESMII Members or in any way restrict (or assist the CESMII Members in restricting) competition in the marketplace. CESMII unequivocally supports the robust competition served by the applicable Federal, state and foreign antitrust laws, and states its uncompromising intent to comply strictly in all respects with those laws. It is the responsibility of every MEMBER to conform to the CESMII’s Antitrust Policy (see Bylaws Section XV of *Bylaws and Plans* document). Each MEMBER also agrees to conduct their CESMII related activities in strict compliance with the antitrust laws.

6. GENERAL TERMS AND CONDITIONS

By signing this Agreement, MEMBER agrees as follows:

- a) To be bound by terms and conditions included in *Bylaws and Plans*, herein attached and incorporated. For reference, *Bylaws and Plans* includes the following documents: (1) Institute Bylaws, (2) Non-Disclosure Agreement, (3) Conflict of Interest Plan (4) Intellectual Property Plan, (5) Data Management Plan, (6) Export Control Plan, (7) US Manufacturing Plan, and (8) Foreign Entity Participation Plan. Copies of Bylaws and Plans can be reviewed at the site: [cesmii-bylaws-plans-v4-00.pdf](#).
- b) Any sub-awards, grants, contracts, membership agreements or other agreements that CESMII makes with respect to funds it receives from DOE under the Cooperative Agreement or utilizes as a cost share toward the Cooperative Agreement shall comply with the requirements of the Cooperative Agreement.
- c) MEMBER may not assign or transfer this Agreement without express written agreement from UCLA.
- d) This Agreement may not be released, discharged, or otherwise modified except by an instrument in writing, signed by both Parties.
- e) If either Party fails to enforce any provision of this Agreement, this shall not be deemed a waiver of such provision, nor of any other provision of this Agreement. No waiver of any breach of this Agreement is a waiver of any other or subsequent breach.
- f) Nothing contained herein or done hereunder will be deemed to constitute or create any relationship of principal or agent or partners or joint ventures between the Parties or any other relationship other than those expressly, and not impliedly, set forth herein.
- g) If any term, provision, covenant, or condition of this Agreement is held invalid or unenforceable for any reason, the remaining provisions of this Agreement shall continue in full force and effect as if this Agreement had been executed with the invalid portion eliminated, provided the effectiveness of the remaining portions of this Agreement will not defeat the overall intent of the Parties. In such a situation, the Parties agree, to the extent legal and possible, to modify the invalid or unenforceable provision(s) or to incorporate a replacement provision to accomplish the originally intended effect.
- h) A facsimile or electronically copied signature shall have the same effect as an original signature. This Agreement may be executed in multiple copies, each of which is an original and all of which constitute one instrument.

7. NOTICES

This Agreement constitutes the entire agreement of the parties with respect to the subject matter hereof. Only written modifications, signed by authorized representatives of both parties, will affect changes to this Agreement. All notices pursuant to this agreement will be sent in writing, including email, to the authorized representative identified below:
